

BEST PRACTICES SUCCESSFULLY IMPLEMENTED BY THE INSTITUTION

1. COMMUNITY AWARENESS PROGRAMS

Objectives include

- To promote wellness programs.
- To provide skills and tools to support healthy lifestyles
- To enable the students to develop a scientific point of view of health.
- To provide information about health and its value as community asset.
- To develop and promote mental and educational health.

Awareness plays a key role in our approach to improving access to health-care. Health awareness empower communities, medical professionals, patients .Health campaigns for prevention, early diagnosis and awareness are conducted regularly in colleges.

2. BEST PRACTICE : GO GREEN CAMPUS

OBJECTIVES OF THE PRACTICE:

- To develop environment friendly campus
- To implement green campus initiatives
- To create awareness among students about water management, energy management and waste management

THE PRACTICE: • Initiation of various energy conservation methods, rain water harvesting, practice and maintenance of medicinal plant garden.

- The class rooms and practical laboratories hold remarkable sign at various places as “SAVE ENERGY”, “SWITCH OFF FANS AND LIGHTS” when not in use.
- Sound pollution is also reduced with establishment.

We believe in “ReduceReuse-Recycle“. We give the mementos recycled from our lab products,agricultural products from our agricultural farms.
