2.2 Catering to Student Diversity

SPECIAL PROGRAMS FOR SLOW LEARNERS AND ADVANCED LEARNERS

Support Measures for Slow Learners

The institution implements a comprehensive support system to cater to the diverse needs of its students. The following measures are in place to provide targeted assistance:

Remedial Interventions

- Special classes and personalized interventions are organized to address specific learning challenges, ensuring equal opportunities for all students to grasp academic content.
- Remedial classes focus on bridging knowledge gaps and fostering a supportive learning environment.

Collaborative Approach

- Regular parent-teacher meetings facilitate open communication, enabling teachers to understand the underlying reasons for a student's underperformance or absenteeism.
- This collaborative approach has fostered a strong rapport among parents, students, and teachers, contributing to a notable decrease in dropout rates.

Supplemental Support

- Peer-support learning programs are implemented to encourage collaborative learning and knowledge sharing among students.
- Special practical classes are arranged for students who have missed laboratory sessions, ensuring they stay up-to-date with their peers.

These measures demonstrate the institution's commitment to providing a supportive and inclusive learning environment, empowering slow learners to overcome challenges and achieve academic success.

Enrichment Measures for Advanced Learners

The institution provides opportunities for advanced learners to excel academically and develop their intellectual capabilities. The following measures are in place:

Research and Presentation Opportunities

- Advanced learners are engaged in research projects, presentations, seminars, quizzes, and other scholarly activities to foster critical thinking, creativity, and problem-solving skills.
- These experiences enable students to explore complex topics, develop innovative solutions, and showcase their expertise.

Preparation for Competitive Exams

- Teachers encourage and support advanced learners in preparing for competitive exams, providing access to relevant reference materials and resources.
- This guidance helps students develop a competitive edge, build confidence, and strive for excellence.

Assessment and Evaluation

- The effectiveness of these enrichment measures is evaluated through assessments of student performance in paper/seminar presentations, research projects, and competitive exams.
- The institution continuously refines and enhances its support systems to ensure advanced learners reach their full potential.

By providing these opportunities, the institution nurtures a culture of academic excellence, fostering the growth of advanced learners into innovative thinkers, problem-solvers, and leaders.

POLICY GUIDELINES FOR ADVANCED LEARNERS

- advanced learners are identified and encouraged to excel further.
- The institution acknowledges their aptitude and promotes their academic growth by offering challenging coursework, additional resources, and opportunities for enrichment.
- Advanced learners are given opportunities to be part of innovative projects through Young Innovator's Programme (YIP) and Innovation and Institutional Entrepreneurship Development Centre (IEDC) programmes.
- The mentors give higher goals and also make the advanced learners get higher levels of personality development and stress management training.
- Conducted Alumni Achiever talk, which was highly informative about Scope, challenges and opportunities of Pharmacy profession
- Organized One day Scientific seminar on 'Pharmacological Biotechnology and Do's and Don't's of Research Publication
- Conducted national conference on the topic 'Recent trends in Entomological Research'
- IIC Members and IIC students of The Dale View College of Pharmacy and Research Centre students had participated an informative and productive discussion with RUSSAN, Health care Private Limited, Mumbai. Students learn about their cutting edge solutions and networking with professionals.
- Organized an educational exposure visit at the Military Hospital, Pangode, which gave the students a deeper understanding of the healthcare system and interactions with healthcare professionals of Military Hospitals.
- Caricature competition and Elocution competition was held as a series of events in connection with National Pharmacy week.
- Organized an industrial visit to the the Jawaharlal Nehru Tropical Botanical Garden and Research Institute.
- Conducted a session on 'way to Canada': Opportunities in Canada for Pharmacy scholars, by Career and placement cell of the College.
- IIC and IEDC organized a webinar on the topic-Innovation and Prototype Validation.
- IIC organized a Demoday to showcase innovative talents by exhibiting creativity, knowledge, and skills through diverse presentations, including models, experiments and demonstrations.

- Provided counseling during admission. Score of entrance examination, class room interactions, internal examination marks, viva marks, test paper marks and overall class performance were considered to identify slow learners.
- Special programs conducted for slow learners. These programs included Bridge course, induction program, Remedial coaching, ICT enabled learning methods, Personal counseling

WEBINAR ON INTRODUCTION TO STARTUPS

Platform : Google Meet

30 May 2024

07:00 pm to 08:00 pm

www.daleviewcollege.com

SPEAKER

Dr. Fels Saju

Associate Professor,
Nirmala College of
Pharmacy, Muvattupuzha

The screenshot shows a Google Meet interface during a webinar. The main content is a slide titled "6 common features of startups" with the following features: Innovative, Technology, Scalability, Growth, Age, and Biz. The slide features a diagram with six hexagons arranged in two rows of three, connected by dashed lines. The top row contains "Innovative", "Technology", and "Scalability". The bottom row contains "Growth", "Age", and "Biz". A dashed line connects "Technology" to "Scalability", and another dashed line connects "Growth" to "Age". A third dashed line connects "Age" to "Biz".

On the right side of the screen, there is a grid of participant video thumbnails. The participants visible are:

- Dr. Fels Saju (Speaker)
- Anoop U P
- Alpa arath
- inj kumar
- Arta Anuradha s
- DEVKARAS M S
- Arva Jena
- 67 others
- Reetika K J

The bottom of the screenshot shows the Windows taskbar with the time 11:23 and date 30-05-2024.
