

College has recognized Research Centers in the departments and this would be an added advantage to the students to develop their Prototypes. College conducts coding contest and HACKTHONS through Innovation Council and field trips to get real time experience. Through these activities students will be exposed to industry standards and get an idea of the possibilities of doing their own products. Financial support is extended to the students for exhibiting their models at the Idea Generation Contests, Competitions held by other organizations. Students are provided with an opportunity to acquire skills for commercialization of their product. The Local Entrepreneurs are invited to address the students and inspire them.

The institution innovation ecosystem is depicted as below

### INSTITUTION INNOVATION COUNCIL

**IIC ID No.**20115578

### IIC ACTIVITIES

DATE	ACTIVITY	RESOURCE PERSON
24-06-2022	Impact Lecture Series -Webinar on Intellectual property rights	Prof.Dr. R. Varatharajan (Dean school of life Sciences Manipur Central University Imphal)

- 1. Young Innovators Programme:** Young Innovators Programme is a specially designed programme under Kerala Development and Innovation Strategic Council (K-DISC). The programme aims to empower future innovators to innovate new products, services or models to meet emerging requirements, unarticulated needs, or existing market needs of the society more effectively through an innovative challenge. Enhancing identified youth with design thinking, collaborative, creative problem solving and leadership skills empowering and building youth through immersive programmes to Learn, Empathize, Accelerate and Disrupt (LEAD) and Mentoring them and intensifying networking to build a product or develop a process for showcasing in the Young Innovators' Challenge.

**Two projects of The Dale View College is shortlisted under Young Innovators Programme for State Level during the reporting period.**

2. **Entrepreneurship Development Centre:** The Dale View College of Pharmacy and Research Centre is an approved Entrepreneurship Development Centre of Kerala Startup Mission.
3. **CPCSEA Approved Animal House:** In order to facilitate Research in Pharmacy, the college has a CPCSEA approved animal house facility with register no. ....
4. **Infrastructure:** The laboratories are equipped with sophisticated instruments like FTIR, HPLC, UV-Vis. Spectrophotometer, Dissolution Apparatus, Rotary tablet compression machine, Stability Chamber, Rotary vacuum evaporator, Friability test apparatus, Sonicator, Tablet disintegration apparatus etc. The college continuously upgrades infrastructure facilities. Software's like Clinirex and PharmX are purchased and maintained which provide an E-Interface for students and faculty to collect and learn topics related to pharmacy in D.Pharm, B.Pharm, M.Pharm and Pharm.D programme. The college has CPCSEA approved animal house.
5. **Library, ICT and Physical Infrastructure / Instrumentation:** Institution has a good physical infrastructure for its smooth functioning. It is provided with a spacious library which is fully automated and air conditioned. All the faculty members use ICT technique for effective teaching learning process.

6. **Research Lab:** Instruments available in the laboratories are well maintained. Software up gradation is done on regular basis as required. Spacious seminar hall is available with all modern facilities.
7. **Organizing/Attending of seminar/workshop/conference:** Seminars are organized, providing platform for students and faculty to interact with industry experts/ eminent academicians and obtain information about latest trends in the field of pharmaceutical research. The faculty members/students also attend Seminar/workshop/conferences organized by other institutes/organizations to keep themselves updated with the latest trends. Students and faculties present their research work (poster/oral presentation) in conferences.
8. **IPR Cell :** Guest lectures on different topics such as Intellectual Property Rights, Clinical practice, Good laboratory practice, Research grant writing etc. were organized by the college for the students and faculty for providing platform for discussion with industry academic experts.
9. **Human Resource Management:** Institution has a well framed human resource policy in order to maximise employee's performance. It ensures that the employees are well trained in their respective fields by conducting training programme for their continuous development.
10. **Industry Interaction / Collaboration:** Institution has 4 MOUs with leading companies and educational institutions to promote funded projects sponsored by National and International agencies and carry out research programme.
11. **Industrial training:** Industrial training/visits are organized for students & faculty giving them exposure to latest technology used in manufacturing and quality control of pharmaceuticals, research trends in pharmaceutical industry, as well as updates on regulations followed by the industry.
12. **Teaching and Learning:** Regular class tests and viva voce are conducted during theory and practical hours. Students are asked questions and University question papers are also discussed so that students get trained to answer according to the marks given. For weak students, remedial classes are also conducted.
13. **Preincubation center:** The centre offers various incubation support services to students and alumni who have innovative ideas and startups

Students are encouraged to attend seminars/ conferences and workshops. Academic activities like quiz, essay writing, poster presentations etc., are also conducted for the students. Counselling, case presentations and medical camps are conducted for students especially

Pharm .D students in hospital which gives a practical dimension to the theoretical aspects of the syllabus given for the students. Journal clubs are conducted for both students and faculties.
