Message

I am indeed delighted to visit The Dale View Group of Institutions on 22nd February 2015, and inaugurate their 38th Foundation Day celebrations. I was happy to see the bright students and faculty assembled in a packed hall with enthusiasm to listen to me. It was indeed a beautiful function. I was also happy to meet the Vice-Chancellor of the Kerala University of Health & Allied Sciences, the City Police Commissioner who were present in the function. I appreciate the way an educational institution can transform an entire village and I appreciate the Management of Dale View Group of Institutions which symbolizes the heart beat of this remote area. I noted from their brochure under the umbrella of The Dale View group there are many other institutions which are successfully managed.

1. The Dale View College of Pharmacy & Research Centre
2. The Dale View College of Paramedical Sciences
3. The Dale View Integrated Rehabilitation Centre for Addicts
4. The Dale View TCS Suraksha Project
5. The Dale View Shelter Home for the Victims of Domestic Violence
6. The Dale View Institute of Ayurvedic Herbal & Research
7. The Dale View Community Pharmacy & Drug Information
8. The Dale View Counseling Centre
9. The Dale View Ayurvedic & Rejuvenation Centre
10. The Dale View High School
11. Neo Dale Secondary School
12. The Dale View Civil Service Academy
13. Agriculture, Fanning, Women Development

During my interaction with the Dale View Management, I am told the Dale View Institutions have entered into Memorandum of Understanding (MOU) with several internationally acclaimed organizations. I am happy to note that the Dale View Group of Institutions are contributing to the Health care system by interlinking the Pharmacy sector with the traditional Ayurvedic System. I am sure the contributions of the Dale View Group of Institutions will be recognized in the days to come and their work for the upliftment and wellbeing of the society. I wish the institution and especially its founder Shri C. Christu Das, who is the son of a freedom fighter Shri Chellayyan, all the best and wish the institution and the members of the Management, students and faculty, staff members, great success in their educational and societal missions.

May God bless you
01 March, 2015

Founder Chairman's Message

Dear Student,

Since Inception, The Dale View College of Pharmacy & Research Centre has been one of the best pharmacy colleges in Kerala. Combining advanced research and scholarship with an educational environment that values the whole student experience, Dale View is a unique and vibrant college that emphasizes the importance of a liberal education.

Your dream and leadership quality to be a leader in the global healthcare sector can be highly driven, and you can achieve results beyond expectations. By choosing The Dale View College of Pharmacy & Research Centre, you are ready in joining an elite community that leverages India's strength and you can build your career, your life, and that of others.

Our curriculum equips graduates with the necessary tools to face challenging responsibilities by encouraging soft skills like communication, critical thinking ability, problem-solving, and multi-cultural teamwork capacity & leadership quality, as well as an integrated understanding of pharmaceutical fundamentals. We want our graduates to make a difference in the world using the power of knowledge as their means.

The years ahead promise many challenges for the students of Pharmaceutical Sciences in terms of organization, education, and research. As the founder and Director of Dale View College, we are well equipped to take up these challenges and ensure that our graduates will continue to be In demand and able to make highly qualified contributions as drug experts in the pharmaceutical industry, community pharmacies, and hospitals and throughout the public sector.

C. Christu Das Founder Chairman and Director

Our founder Chairman and Director Late **Shri. C. Christu Das** with the Hon'ble President of India **Smt. Droupadi Murmu**, and **Dr. APJ Abdul Kalam**, former President of India during their visits to the Dale View College campus.

Every great deed begins with a dreamer.

Far-sighted Strategies

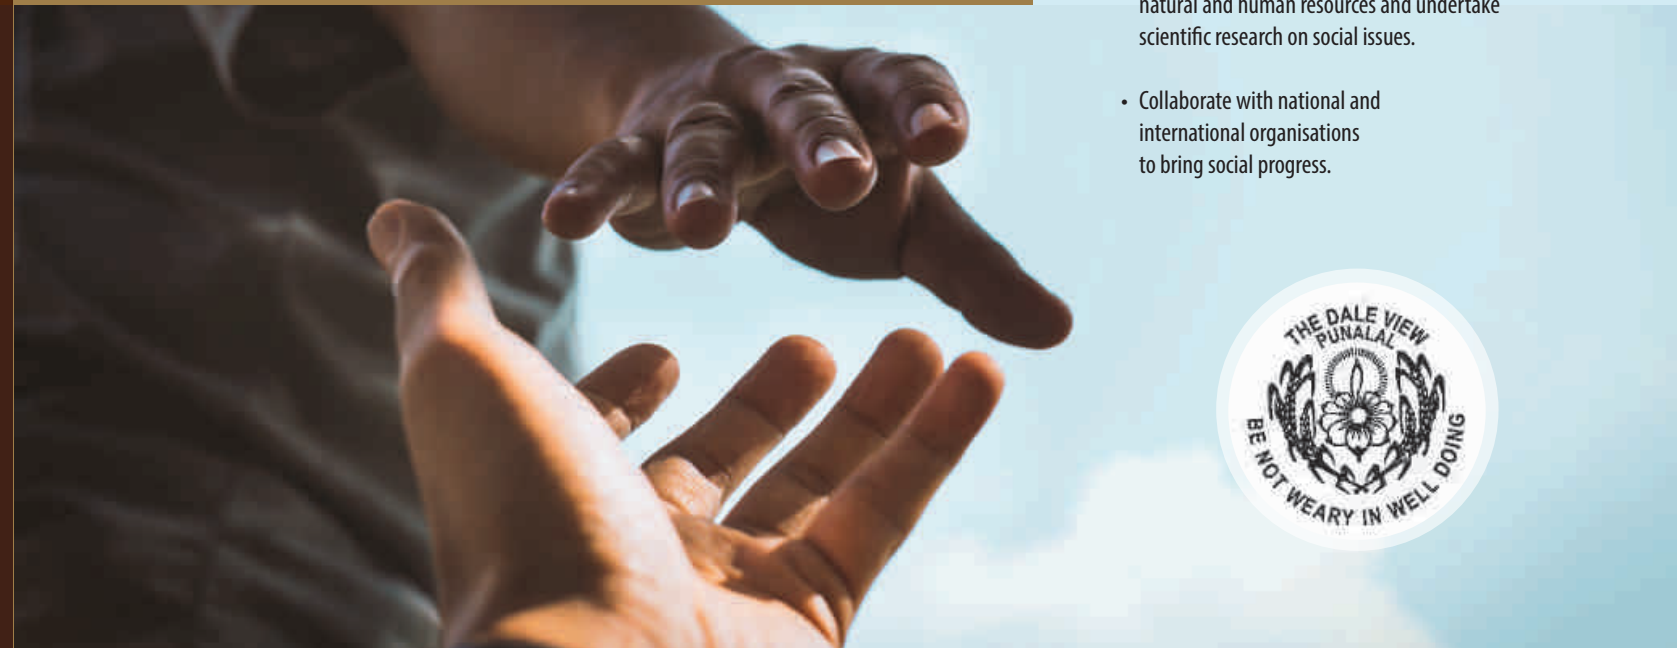

Our years of experience in public service allow us to identify social needs sensibly. We always set clear and futuristic objectives and pledge to achieve those goals steadily. This is because our activities are guided by a long-term strategy. This rigorous pursuit of long-term objectives is facilitated through sustainable progress every year. Dale View implements development projects through the local people's organisation known as micro level organisation. Our activities are based on the faith that people have the capacity to learn and develop by themselves, restructure the system and reshape their destiny as well as their history if they are appropriately facilitated to acquire critical consciousness through a process of education and awareness-building.

We stand for.

- Promote Social freedom and Social justice through community participation
- Help the weak and oppressed to escape poverty and improve their quality of lives
- Empower the rural community through education and skill development
- Cultivate an eco-conscious culture for the sustainable development of economy
- Making treatments affordable and provide treatment and rehabilitation for alcohol and drug addiction victims.
- Plan and implement comprehensive programmes for women empowerment, livelihood projects, housing, water, nutrition and sanitation.
- Act as a research and development agency to promote the effective use of natural and human resources and undertake scientific research on social issues.
- Collaborate with national and international organisations to bring social progress.

Dale View was once a dream. A dream that was motivated by the living conditions of a rural village - Punalal. Yet the dreamer had the patience, passion, and strength within him to bring change in the lives of the under-privileged and marginalised around him. Mr. C. Christu Das, the founder of this organisation is such a visionary, whose dream has taught others to dream and make better choices for themselves. For the past 46 years, the Dale View has been successful to plan and implement many pioneering initiatives beneficial to an enormous population in its niche, some of these innovative thoughts and models have inspired many other organisations and spread across the nation as a wave of social change. Now we are a big family. We shared a picture of the future. It is where we want to lead people. It is our energising force in every action.

VISION & MISSION

To be a pre-eminent center for pharmaceutical knowledge and practice through advancements in research, teaching, and service.

To be committed to internationally significant innovation in the discovery and mobilization of pharmaceutical knowledge in the pursuit of health.

OBJECTIVES

To make Dale View College of Pharmacy and Research Centre a favorite destination for all multinational companies. Establish a state of art in-house training facility. Build a brand value for Dale View College of Pharmacy and Research Centre in the corporate world. Promote more industry-institution interactions. Train the students on soft skills and technical skills. Video conferencing with industry experts and successful alumni. Scheduling training programs for students from the first year.

Prohibition of Ragging & Mobile Phone

The College is committed to abolishing Ragging on our campus. Hence, any student who indulges in any form of Ragging will be subjected to penal action as per provisions of law. Use of mobile phones by students is prohibited on the campus. Every student is required to adhere strictly to the code of conduct and discipline of the institution.

Transportation

The Dale View College of Pharmacy and Research Centre provides transportation services for students. College bus from different locations of Trivandrum is available at nominal rates.

Drug Information Centre

The Drug Information Centre of the Dale View College of Pharmacy and Research Centre is maintained at SK hospitals. The Centre provides information regarding drug interactions, side effects, and other drug inquiries. The Centre routinely responds to requests regarding;

- Appropriate therapy for specific patients
- Adverse reactions to drugs
- Efficacy of Drugs
- Drug Interactions
- Intravenous Additive Incompatibilities
- Biopharmaceutic and Pharmaceutic parameters of drugs
- Dosing the renal failure
- Appropriate therapy for a disease state
- Identification of foreign drugs
- Information on Investigational Agents
- Information on new drugs
- Identification of unknown capsules and tablets

Industry interaction cell

The prime objective behind this cell is to create opportunities for the students to interact and learn from the reputed corporates. This cell is devoted to the needs of the organizations in conducting seminars, workshops, symposiums, exhibitions, and campus interviews. Interactions with organizations and career guidance are other important functions of the cell.

Hospital Practice

The Dale View College of Pharmacy and Research Centre has a tie-up with SK hospital for giving students hospital practice. SK Hospital is a tertiary care NABH (National Accreditation Board of Hospitals) safe – I certified multispecialty healthcare institution with 300 beds.

Counseling

Frequent training sections for students by psychologists and counselors are available at the institute.

Scholarships

- Students (SC/ST/OEC candidates) admitted for various courses under Merit Category are eligible for scholarships provided by various Government Departments subject to the conditions from time to time.
- M. Pharm students with valid GPAT scores are eligible for scholarships provided by AICTE.
- Muslim Girl Students, OBC students are eligible for Central Sector Scholarships provided by the Department of Collegiate Education.
- Scholarship from AIWC for meritorious girl students hailing from economically backward families.
