KEEP OUR CAMPUS GREEN

SWACHH BHARAT ABHIYAN:

Swachh Bharat Abhiyan is one of the most significant and popular missions to have taken place in India. The cleanliness campaign of Swachh Bharat Abhiyan was conducted at The Dale View college of Pharmacy & Research Centre in association with Community Health Center(CHC) Vellanad on 19/12/2020. This campaign served as a great initiative in making people aware of the importance of cleanliness and an oath taking

ceremony was conducted as a part of mission to maintain a “Clean India”. Chairman Sri. C Christu Das, Principal Dr. P Manoj Kumar and all staffs participated in the campaign.

Other Healthy Practices

- **Outreach Programs:**

In order to create awareness on cleanliness, pollution minimization and recycling – the college has tied up with many private and semi-private organizations to conduct awareness drives and outreach programs. These activities in turn sensitize the students to problems affecting the society and planet as a whole.

- **Responsible management of hazardous waste:**

Any hazardous wastematerials that are produced in the campus are disposed of, in a safe and responsible manner. The cleaning staffs are kept well-informed about the disposal process. Steps taken in this regard helps the institution respond to the environmental needs effectively.

ACTION PLANS AND RECOMMENDATIONS

1. Encourage student participation: It was found that student body, which is a solid in-house source, should be tapped for collecting the data and efficiently evaluating them, which will in turn provide a platform for them to come closer to the environment.

2. Analysis by experts: It was also found that having a professional touch for this activity would mean a lot in terms of providing a strong routing, evaluation and analysis of the data collected, owing to tested methodologies being put to rightful use, making the process an effective one.

3. External experts to be contacted for continuous monitoring: In light, of the several meeting and multiple informal collaborations with various organizations, one of the outcomes was to have a formal collaboration with an external agency which is actively involved in Green Audit Processes. This collaboration would be effective in acquiring better ideas, directions, and support for conducting, evaluating and continuously monitoring the process.

MAINTENANCE POLICY DOCUMENT

The DVCP institute adopts standard established systems and procedures for maintaining the physical, academic and support facilities. The working policies of these committees are explained below in the form of flowcharts indicating the communication and work flow for smooth working of these facilities.

Planning Committee

Maintenance of Institute Infrastructure:

To meet the quality standards and needs, the IQAC as well as the College Council makes proposals for infrastructure development to the Planning Committee chaired by the Principal.

Planning Committee

The Planning Committee presents the proposal before the staff and PTA for their concurrence.

Managing Board takes the final decision on a priority basis.
